Mission Statement

Our team at Greenhouse Events Management (“**GEM**”) strives to provide a healthy, fun, and holistic outdoor shopping experience to the local communities that we serve. We provide our customers with a well-balanced variety of fresh, healthy, and local produce, as well as locally produced artisanal crafts and prepared foods. Our events are created to offer a fun and fresh, outdoor experience that helps support local growers, artisan bakers, and artists, which educates our communities about the benefits of eating right and shopping local.

In addition to our commitment to providing healthy foods, we are equally committed to supporting a clean and healthy environment by doing our part to reduce waste and minimize pollution and trash. As such, **our vendors are required to use sustainable products which are environmentally friendly and compostable**. We have banned the use of all Styrofoam products, plastic straws, plastic coffee stirrs, plastic bags, and related single use products. **Vendors are required to use compostable products**. You may find sustainable products at websites such as www.webstaurantstore.com; & <http://letsgogreen.biz/pages/utensils/ecogecko.html>

Here at **GEM** we believe that YOU ARE WHAT YOU EAT, so why not be the best you can be and eat the best locally grown foods available. Be a *locavore*¹ and come visit one of our Markets!

We reserve the sole, exclusive, and absolute right to determine the following vendor categories and to unilaterally determine the appropriate balance of vendors for each event:

2. Requests to participate as a vendor will be considered in the order received on a first come, first served basis.
3. All vendors will be limited to selling the items listed in this Agreement. 4. We typically operate pet friendly events, so expect pets and feel free to bring your own. However, all pets shall be on a leash at all times and any pets acting aggressively shall be required to leave the event.
5. We shall have the sole and exclusive right to plan, organize, and arrange the site map and to dictate where each vendor’s space shall be located. Vendor locations may be changed at any time at the sole and exclusive discretion of the event Manager.

6. We do not guarantee that any vendor will have the exclusive right to sell or display any product. It is often a positive benefit to the event and its customers when there is more than one vendor selling the same or similar items. However, we appreciate that each vendor must have a fair opportunity to conduct business and recognize the importance of a diverse and appropriately balanced shopping experience for our customers and will strive to strike a balance in this regard.

7. All vendors are responsible to ensure they are appropriately licensed and insured, as is required by their particular circumstances. We cannot provide any advice or guidance regarding licensing or insurance requirements. Information can be found at www.myfloridalicense.com and www.floridahealth.gov

8. Food Safety is paramount to protecting the health, safety and well-being of the event customers and patrons. All vendors shall be obligated to follow all Florida and Palm Beach County public health regulations. All vendors shall maintain and keep current all licenses and permits as required by their particular circumstances.

9. All vendors must obtain, display and keep current applicable State, County and City licenses. All vendors are required to display their business name in their booth at all times.

10. All vendors shall take the proper safety and health precautions to protect patrons, the public and property of other vendors and shall be responsible for all damage to persons/or property that occur as a result of the vendor's negligence or misconduct.

11. All vendors and those associated with the event are expected to maintain a professional and courteous attitude toward all customers, patrons, other vendors, and staff.

12. All vendors agree to keep their space attractive and to clean their space after the event ends. All debris of any kind must be removed within a reasonable amount of time after the event ends, but no later than the time the vendor leaves the event. In other words, no vendor shall be permitted to leave any trash or debris behind when they leave the event.

13. All vendors acknowledge that the use or placement of tables, chairs, products, boxes or signs outside of the assigned vendor space is strictly prohibited. All vendors agree to sell their product within the four corners of their assigned space only. All vendor activity must be conducted within the space provided. This includes giving out free samples and recruiting customers. **Any vendor activity related to the Market outside the assigned vendor space is strictly prohibited.**

14. Vendors shall not bark or shout in a loud or aggressive manner to patrons.

15. All vendors agree to anchor their tent(s) on all four (4) corners with a minimum of twenty (20) pound anchors or weights on each corner regardless of weather conditions.

16. Please note that certain events may not have sufficient electric service available for every single vendor to use. As such, your vendor space may be adjusted based up the need for electricity. We do permit generators, but they must be silent and cannot disturb other vendors or customers. In the event there are more

vendors who need electric service than is available, we reserve the sole and absolute right to determine which vendor(s) will be able to use electric service and which cannot.

17. Please note that patron parking is limited and it is important for the successful operation of our events to maximize the availability of parking for patrons. As such, vendors SHALL NOT be permitted to park in patron parking areas, unless specifically authorized to do so. We do not guarantee the safety or security of items left in storage and vendors shall hold us harmless for any damage or loss to items left in storage. In the event a vendor feels their items are too valuable or do not feel the storage provided is secure enough to meet their needs, then said vendor should not use the onsite storage provided and should bring and remove all their property for each event.
